 Erode, Tamil Nadu

 Barath Kishor S C

 barathkishorsc

Professional Summary

ECE undergraduate with hands-on experience in PCB Design, Embedded Systems, and Web Development. Passionate about IoT, embedded solutions, and responsive web applications.

Education

Kongu Engineering College,
B.E. Electronics and Communication Engineering
2024 – 2028 | Perundurai
CPGA:7.64/10

Saratha Matric Higher Secondary School, Class XII
2020 – 2024 | Gobichettipalayam
Percentage: 79.8%

Saratha International Senior Secondary School, Class X
2015 – 2020 | Kodiveri
Percentage:72%

Skills

PCB Design & Layout
Web Development

Languages

English
Tamil

Certifications

PCB Design & Fabrication
Kongu Engineering College (2025)

Introduction to AI & ML
InSaiVerse (2026)

Electronic PCB and Hardware Product Development
Unistring Tech Solutions (2026)

Projects

Integrated Wearable Device
Engineered an IoT-based wearable safety device integrating heart rate, SpO₂, body temperature, motion, and gas sensors with an ESP32 for real-time monitoring, fatigue detection, wireless alerts, and enhanced industrial worker safety.

Smart Energy Meter
Designed and developed an ESP32-based Smart Energy Meter integrating voltage, current, and power sensing with a Blynk IoT dashboard for real-time energy monitoring, data logging, threshold-based alerts, and improved energy efficiency.

The Super Mart – E-Commerce Platform
Designed a responsive e-commerce platform with dynamic category filtering and modern UI/UX; demonstrated frontend and full-stack web development.

Portfolio Platform
Developed a responsive portfolio website using HTML5, CSS3, and JavaScript showcasing development projects. Implemented modern design principles with mobile-first layout and deployed on Netlify.

Presentations

Scientium 2025
2025 | KEC

Ideathon 2025
2025 | KEC

Technocultural Fest 2K25
2025 | KEC

Workshops

Automotive Protocols
2026 | Forge, KCT Tech Park

Altium Workshop on PCB Design
2025 | Kongu Engineering College

Inplant Training

Electronics & Regeneration in Sugar Industry
2026 | Sakthi Sugars Limited

PIC Microcontroller Programming
2025 | Sunshiv Electronic Solutions
